SUMMARY

I am a skilled Full Stack Developer with over three years of experience in building dynamic web applications. My expertise includes JavaScript, TypeScript, React.js, Node.js, and Python Django, enabling me to handle both front-end and back-end development. I have successfully migrated applications from Angular to React.js, enhancing performance and user experience.

Proficient in MERN stack, Web3, Next.js, Express.js, Flask, Tailwind CSS, Material UI, Bootstrap, Docker, and PostgreSQL, I excel in delivering high-quality solutions for international clients. My strong problem-solving skills and adaptability make me a valuable asset to any development team.

SKILLS

Front-end: JavaScript, TypeScript, React.js, Angular, Next.js, HTML, CSS, SCSS, SASS, Bootstrap, Tailwind CSS, Material UI, PrimeReact

Back-end: Node.js, Express.js, Django, Flask, PostgreSQL, MongoDB, MySQL, SQLite

Tools & Platforms: Docker, AWS, Google Cloud Platform, Git, GitHub, CI/CD, GitLab CI/CD

Other: Data Structures and Algorithms, Cypress, Jest
